Riftbound - Infraction Quick Reference

Tournament Rules RUP5 | 9 October 2026 | HJ = Head Judge; Pro = Professional; SB = Sideboard; G1 = Game 1

NOP = No Penalty; W = Warning; GL = Game Loss; ML = Match Loss; DQ = Disqualification.

Gameplay errors

3rd W in the same category -> GL. Competitive: 6th gameplay W -> GL; Professional: 5th -> GL. Exclude Failure to Maintain Game State from automatic upgrades.

Name	Penalty	Remedy / situational upgrade
Missed trigger	NOP / W	W only for a missed mandatory trigger that benefits its accountable player. Previous turn: leave missed. Same turn: opp chooses resolve now or miss.
Missed point	NOP	Correct hold/conquer score if determinable and <=1 cycle; otherwise continue. Card-trigger points use Missed Trigger.
Missed draw	NOP*	Draw missing cards if determinable and <=1 cycle; otherwise continue.
Looked at extra cards	W	While still looking: opp chooses extras to shuffle back. If moved to a new group, opp first returns cards to the looked-at group. Caught later: continue.
Channeled too many	W	Used for payment: rewind if possible; else General Error. Within <=1 cycle: shuffle extras into Rune Deck (random runes if unidentified); later: continue.
Channeled too few	NOP*	Channel missing runes within <=1 cycle; otherwise continue.
Overpaid cost	NOP*	Simple rewind before card/ability entered Chain; otherwise continue. If overpay caused a result that would not otherwise happen: General Error.
Mispaid cost	W	Simple rewind; else correct payment if possible; else continue. Incorrectly recycled runes: rewind if possible.
Saw secret info	W	Re-randomize exposed cards with original random source; if impossible, reveal info to all and continue.
Saw opponent private info	W	Affected opponent may re-randomize exposed cards with original random source; if declined, continue.
Drew extra cards	W	Before joining a private set, or opening hand before mulligan: shuffle extras back. After joining a private set, within cycle: opp sees hand and chooses extras to shuffle back. Later excess hand: apply remedy then.
Facedown error	W / GL	Added: immediate self-catch, no further actions -> return; later, before new unknown cards join origin -> return and replace with random legal card. No replacement/new unknown cards -> GL. Removed: return if same turn and identifiable/recoverable; else GL.
Mulligan error	W	Mulliganed >2: opp sees hand and may choose up to the excess number to recycle/replace. Gameplay already begun: continue.
Missed Awaken ready	NOP*	Same turn: ready objects that should have readied; suppress resulting triggers. Later turn: leave unchanged.
General error	W	Rewind if possible; otherwise continue.
Failure to maintain state	W	Tracking warning; fix underlying error under its own remedy. No automatic upgrade; HJ may specifically instruct one.

Tournament errors

3rd W in the same category -> GL. Competitive: 6th tournament W -> GL; Professional: 5th -> GL. Count separately from gameplay warnings.

Name	Penalty	Remedy / situational upgrade
Slow play	W	Require timely play; no specific game-state repair prescribed. Intentional stalling for advantage -> Cheating (DQ).
Decklist error	GL	Illegal list: minimal changes to legalize, then match deck to list. Legal presented deck differs: update list to deck. HJ may proxy unavailable correction cards.
Deck presentation	W / GL	Before hands: restore. After hands: self-caught + easily restorable -> fix; caught by others or cannot restore -> GL. Pro extra deck-box cards -> GL. Forgotten champion: before first turn, restore; later Casual player searches deck/hand/SB, Competitive judge finds registered G1 champion in deck/hand, Pro leaves zone empty. If from hand, draw replacement; shuffle random deck; no champion found -> leave empty. HJ may proxy.
Communication	W	Supply correct information; rewind decisions based on incorrect communication if possible.
Marked cards	W	Judge may require sleeve removal or sleeve/card replacement now or before next round. HJ may proxy unavailable cards.
Insufficient randomization	W	Player re-randomizes, or judge randomizes deck. Pile shuffling alone is insufficient.
Late to match	W / GL / ML	<=2 min: W + extension. >2 to <=10 min: W + extension; Competitive/Pro -> GL. >10 min: ML. No-show: ML + drop unless reporting before next match. Judge may approve <=10-min extension instead, if requested before clock starts or between games.
Outside assistance	NOP / W / ML / DQ	Refuses advice + calls judge: W; otherwise ML. HJ deems advice malicious: NOP for recipient. Solicited advice -> Cheating (DQ). Same penalty for adviser if also a player; malicious/knowing spectators may be barred. Electronic-device violation: W.
Improper winner	ML / DQ	Pro: DQ. Knowingly attempting or baiting -> Cheating (DQ). Apply loss; no other remedy prescribed.

Unsporting conduct

2nd W in the same category -> GL. HJ may escalate further, up to DQ.

Name	Penalty	Remedy / situational upgrade
Unsporting minor	W	No additional remedy prescribed; stop disrespect, bullying, poor hygiene or offensive materials.
Unsporting major	DQ	Remove from competition; venue ejection at officials' discretion.
Angle shooting	W	No additional game-state remedy prescribed.
Bribery	ML	No additional remedy prescribed. Receiving an offer alone is not bribery, but report it to a judge. Permitted prize-sharing exceptions apply.
Wagering	DQ	Remove from competition; investigation.
Theft / attempted theft	DQ	Remove from competition; investigation.
Cheating	DQ	HJ determination; remove from competition; investigation. Includes intentional advantageous violations, lying to officials, and hiding teammate errors.

Disciplinary Code

Names (shared sanction framework)	Penalty	Remedy
Conduct obligations; Unsporting conduct; Cheating / assisting; Unauthorized comms; Defamatory / hateful acts; Vulgar / provocative; Harassment; Bullying / abuse; Threats; Match-fixing / manipulation; Retaliation; Law violations; Riot ToS violations	Discretionary; no fixed penalty or numeric upgrade schedule.	Organizer/Riot investigates; sanctions may combine warnings, prize return, venue bans, forfeitures, replay, ranking loss, suspension/ban, and account action. Repetition is an aggravating factor. Applies to Premier/Qualifier competitions and may extend beyond play.

NOP* becomes W if the error was obviously advantageous. Opp = next opponent in turn order (except the affected opponent for private info). One cycle ends when the player whose turn contained the error starts their next turn. Shuffle only the randomized portion; preserve known positions. Simple rewinds: any judge; complex: HJ/authorized appeals judge. Casual: generally softer; opponent-choice fixes may be random/judge-made. Report GL or higher to HJ. Every DQ starts an investigation.
